
DIVESTMENT OF VILLA KAIGANCHO

The Board of Directors of Japan Residential Assets Manager Limited, the manager (“**Manager**”) of Saizen Real Estate Investment Trust (“**Saizen REIT**”), wishes to announce the divestment of Villa Kaigancho (the “**Current Divestment**”) from the property portfolio of Yugen Kaisha (“**YK**”) Shintoku.

Background

YK Shintoku has, on 8 October 2010, entered into a sale and purchase agreement for the divestment of Villa Kaigancho (“**VK**”) to an independent private investor (the “**VK Buyer**”) for a cash consideration of JPY 250,710,000 (S\$3.9 million¹) (the “**VK Sale Price**”). The divestment of VK was completed on the same day upon the payment of the full amount of the VK Sale Price by the VK Buyer.

VK, located in Hakodate, was built in November 1990 and comprises 50 residential units, 1 commercial unit and 24 car parking units. It contributed about 1.0% (or approximately JPY 41.4 million) of Saizen REIT’s annual revenue in the financial year ended 30 June 2010 (“**FY2010**”).

Given the small size of VK relative to the entire portfolio of Saizen REIT, the Current Divestment is not expected to have any material impact on the financial position of Saizen REIT.

Consideration

The VK Sale Price was fully paid up by the VK Buyer on 8 October 2010. The entire proceeds from the Current Divestment will be used for partial repayment of the YK Shintoku Loan.

The VK Sale Price was arrived at on an arm’s length basis, taking into account, *inter alia*, the VK Valuation (as defined below) and the prevailing market conditions.

Property value and financial results

Based on the valuation of VK prepared by KK Asset Research., an independent valuer commissioned by the Manager, VK was valued at JPY 261.0 million (S\$4.1 million) (the “**VK Valuation**”) as at 30 June 2010. The VK Sale Price therefore represents a discount of approximately 3.9% to the VK Valuation.

In the past 12 months, YK Shintoku had completed the divestment of the following properties:

¹ Based on an exchange rate of S\$1.00 to JPY63.6 as at 7 October 2010, which is applied throughout this announcement unless stated otherwise.

- (a) Urban KN2 Kumamoto (announcements dated 26 October 2009 and 28 October 2009) (the “**FY2010 Divestment**”); and
- (b) Patios Ohashi (announcements dated 21 September 2010 and 30 September 2010), Sun Park Yokokawa (announcement dated 29 September 2010), Funairi Honmachi 54 (announcement dated 29 September 2010), Residence II Yasuda (announcement dated 29 September 2010) and Matoba Y Building (announcement dated 29 September 2010) (collectively, the “**FY2011 Divestments**”).

A summary of the net book value, sale price and resultant loss on disposal in respect of the Current Divestment, the FY2010 Divestment and the FY2011 Divestments is as follows:

	VK	FY2010 Divestment and FY2011 Divestments
Net book value ²	JPY 261.0 mil (S\$4.1 mil)	JPY 637.1 mil (S\$10.0 mil)
Sale price	JPY 250.7 mil (S\$3.9 mil)	JPY 607.1 mil (S\$9.5 mil)
Excess/(deficit) of sale price over the book value	(JPY 10.3 mil) ((S\$0.2 mil))	(JPY 30.0 mil) ((S\$0.5 mil))
Profit/(loss) on disposal ³	(JPY 28.0 mil) ((S\$0.4 mil))	(JPY 65.7 mil) ((S\$1.0 mil))

The net profit/(loss) attributable to the properties in respect of the Current Divestment, the FY2010 Divestment and the FY2011 Divestments in FY2010 is as follows:

	VK	FY2010 Divestment ⁴ and FY2011 Divestments
Net profit/(loss) attributable to property ⁵	(JPY 5.8 mil) ((S\$0.1 mil))	(JPY 34.9 mil) ((S\$0.5 mil))

Financial effects

Net asset value per Unit attributable to Unitholders (“NAV per Unit”)

Based on the audited financial statements of the Saizen REIT Group for FY2010⁶ and assuming that the Current Divestment and the FY2011 Divestments had been completed on 30 June 2010, the estimated aggregate pro forma financial effects which the Current Divestment

² The net book value is equal to the full valuations conducted on 30 June 2010 by independent valuers commissioned by the Manager.

³ The differences between the profit/(loss) on disposal and the excess/(deficit) of sale price over book value are due to transaction costs, namely agent fees and consumption taxes.

⁴ This is the financial results of the property prior to its divestment in FY2010. The contribution is calculated from 1 July 2009 to the date of divestment, and do not represent a full-year contribution of net profit/(loss).

⁵ This represents the impact attributable to the properties to the net loss of Saizen REIT and its subsidiaries (the “**Saizen REIT Group**”) in FY2010. The net loss attributable to VK in FY2010 was mainly due to write-down in property value of JPY 10.3 million. The net loss attributable to the FY2010 Divestment and FY2011 Divestments in FY2010 were mainly due to write-downs in property values amounting to an aggregate of JPY 45.0 million in FY2010.

⁶ The financial effects of the FY2010 Divestment have been recognised in the audited financial results of FY2010.

and the FY2011 Divestments would have on the NAV per Unit as at 30 June 2010 are as follows:

	Audited (as at 30 June 2010)	Pro forma financial effects of the Current Divestment and the FY2011 Divestments
Net asset value attributable to Unitholders (JPY' 000)	23,882,923	23,800,331
Number of Units ⁷ ('000)	953,203	953,203
NAV per Unit ⁸ (JPY)	25.06	24.97
(S\$)	0.40 ⁹	0.39

Earnings per Unit ("EPU")

Assuming the Current Divestment and the FY2011 Divestments had been completed on 1 July 2009 and based on the audited financial statements of the Saizen REIT Group for FY2010¹⁰, the estimated aggregate pro forma financial effects which the Current Divestment and the FY2011 Divestments would have on the EPU of FY2010 are as follows:

	Audited (FY2010)	Pro forma financial effects of the Current Divestment and the FY2011 Divestments
Loss for the year attributable to Unitholders (JPY' 000)	(883,878)	(925,093)
Weighted average number of Units ¹¹ ('000)	952,710	952,710
Basic EPU ⁸ (JPY)	(0.93)	(0.97)
(cents)	(1.43) ¹²	(1.53)

Rationale

Since the loan of YK Shintoku (the "YK Shintoku Loan") went into maturity default in November 2009, the asset manager of Saizen REIT has been working closely with the loan servicer on a suitable course of action. To this end, the loan servicer has proposed the progressive and partial sale of YK Shintoku's properties to reduce the absolute amount of the YK Shintoku Loan. Such reduction in absolute amount of the loan will likely make its refinancing more acceptable to potential lenders.

The balance of the YK Shintoku Loan is JPY 6.6 billion (S\$103.8 million) as at the date hereof. Following loan repayment from sale proceeds of the Current Divestment, the remaining balance of the YK Shintoku Loan is estimated to be approximately JPY 6.3 billion (S\$99.1 million).

⁷ Based on 953,203,055 Units in issue as at 30 June 2010.

⁸ It is assumed that there is no exercise of warrants and therefore, there is no dilutive effect on the NAV per Unit and EPU.

⁹ Based on an exchange rate of S\$1.00 to JPY63.4 as at 30 June 2010.

¹⁰ The financial effects of the FY2010 Divestment have been recognised in the audited financial results of FY2010.

¹¹ Based on a weighted average number of Units of 952,710,118 Units.

¹² Based on an average exchange rate of S\$1.00 to JPY65.1 between 1 July 2009 and 30 June 2010.

Interest of Directors and Controlling Unitholders

A divestment fee of 0.3% of the VK Sale Price as well as the FY2010 Divestment and each of the FY2011 Divestments as previously announced (collectively, the “**Divestment Fees**”) is payable to the Manager. The Divestment Fees will be payable in the form of cash or units or a combination of both (as the Manager may in its sole discretion determine).

Save for the above Divestment Fees, none of the Directors or controlling shareholders of the Manager, or the Manager, the Trustee or controlling unitholder of Saizen REIT, as the case may be, has any interest, direct or indirect, in the Current Divestment.

Relative Figures Computed pursuant to Rule 1006 of the Listing Manual

The relative figures for the Current Divestment, the FY2010 Divestment and the FY2011 Divestments taken in aggregate and computed on the bases pursuant to Rule 1006(a) to 1006(d) of the SGX-ST Listing Manual (based on the recently announced audited financial statements of the Saizen REIT Group for FY2010) are as follows:

Rule 1006(a)	Net asset value of the assets to be disposed of, compared with the group's net asset value.	3.76% ¹³
Rule 1006(b)	The net profits attributable to the assets disposed of, compared with the group's net profits.	2.14% ¹⁴
Rule 1006(c)	The aggregate value of the consideration received, compared with the issuer's market capitalisation based on the total number of issued shares excluding treasury shares.	7.70% ¹⁵
Rule 1006(d)	The number of equity securities issued by the issuer as consideration for an acquisition, compared with the number of equity securities previously in issue.	Not applicable

The aggregate figures of the Current Divestment, the FY2010 Divestment and the FY2011 Divestments under Rules 1006(a) and (b) do not exceed 5%.

The aggregate figure of the Current Divestment, the FY2010 Divestment and the FY2011 Divestments under Rule 1006(c) exceeds 5%, but not 50%. Accordingly, the Current Divestment, the FY2010 Divestment and the FY2011 Divestments, in aggregate, constitute a discloseable transaction as defined in Chapter 10 of the SGX-ST Listing Manual.

¹³ The net asset value of the Saizen REIT Group as at 30 June 2010 was JPY 23.891 million.

¹⁴ Based on the aggregate net property income of the Current Divestment, the FY2010 Divestment and the FY2011 Divestments in FY2010 of approximately JPY 59.5 million and Saizen REIT Group's net property income of JPY 2,782.6 million in FY2010. A comparison of net loss for FY2010 (contributed mainly by the write-down in the value of the property portfolio of Saizen REIT) is not meaningful.

¹⁵ Saizen REIT's market capitalisation is computed based on the weighted average Unit price of S\$0.1576 and 1,111,002,712 Units in issue on 7 October 2010, being the market day immediately preceding the date of the sale and purchase agreement.

Documents for inspection

Copies of the sale and purchase agreement and valuation report in respect of the Current Divestment are available for inspection during normal business hours at the registered office of the Manager at 3 Anson Road, #34-01 Springleaf Tower, Singapore 079909 for three months commencing from the date of this announcement.
