
UPDATE ON IMPACT OF EARTHQUAKE IN JAPAN

Further to Saizen Real Estate Investment Trust's ("**Saizen REIT**") announcements on 11 March 2011, 14 March 2011 and 15 March 2011, the Board of Directors of Japan Residential Assets Manager Limited, the manager of Saizen REIT (the "**Manager**"), would like to provide an update on the situation in Japan in respect of Saizen REIT's properties.

To-date, 142 out of Saizen REIT's 146 properties, representing 98.4% of Saizen REIT's total investment property value¹, have been reported by the property managers to be intact.

Update on properties in Sendai

The property managers have managed to view 1 more property in Sendai.

In the areas affected by the earthquake and tsunami, all 6 properties in Morioka and Koriyama, and 18 out of 22 properties in Sendai have been viewed by the property managers thus far, and preliminary reports have confirmed that these properties appear to have sustained only minor damage and to have remained intact. However, the full extent of damage can only be ascertained after more detailed assessments.

The value of the 4 properties yet to be viewed represents 1.6%, and 2.4% of Saizen REIT's total investment property value and net asset value² respectively. These properties contribute 1.8% of Saizen REIT's annual rental income³.

These properties belong to 2 out of 9 TK operators of Saizen REIT, viz. GK Choan (1 property) and YK Shingen (3). They represent 0.2% and 1.4% respectively of Saizen REIT's investment property value and 0.3% and 2.1% respectively of Saizen REIT's net asset value. These properties contribute 0.3% and 1.5% respectively of Saizen REIT's annual rental income.

To-date, we have not received any reports of tenant casualties, and none of the properties viewed appear to have been vacated.

Risk relating to nuclear power plant

None of Saizen REIT's properties are within the current evacuation zone surrounding the nuclear power plant at risk in Fukushima.

¹ *The investment property value is based on the annual valuation conducted on Saizen REIT's properties as at 30 June 2010.*

² *Based on the net asset value of the Saizen REIT Group attributable to Unitholders as at 31 December 2010.*

³ *Based on the annual rental income as reported in the annual report of Saizen REIT for the financial year ended 30 June 2010.*

The Manager will continue to monitor the situation and will provide further updates when appropriate.
